

We are glad to inform you that on **May 17, 2023**, Batumi Navigation Teaching University will hold the **student VII international scientific conference**.

The event has been held for six years and attracts students from Georgia and different countries around the world.

The conference aims to discuss the modern processes and challenges of maritime sciences, logistics, management, business administration, and economics, to share knowledge and experience among students of higher educational institutions, and to encourage mutual cooperation.

The conference will be held online through the **ZOOM platform**.

Articles that will be approved by the Scientific Council of the conference and meet the paper requirements will be published in the conference proceedings. The conference proceedings and the electronic version of the certificate of participation in the conference will be sent to all participants after the end of the conference.

### Conference Working Sections:

-  Maritime Sciences;
-  Logistics;
-  Humanitarian, Social and Natural Sciences;
-  Business Administration.

**Conference Working Language:** Georgian, English.

**Conference format:** presentation - 10 min, discussion - 5 min.

### Important dates:

-  **April 20, 2023** – registration and abstract submission.
-  **May 1** - Deadline for Submission of Full Paper;
-  **May 17** - Conference.
